EDUCATION

Moorpark College

Associate of Science in Computer Science

Moorpark, CA

Aug. 2024 – May 2027

EXPERIENCE

Information Technology Support Specialist

Chili Peppers Mexican Restaurant & Seafood

Sep. 2023 – Present

Camarillo, CA

- **Managed** and maintained POS systems, networking equipment, and security cameras, reducing system downtime by 30%
- **Configured** Wi-Fi networks, printers, and employee tablets, improving operational efficiency across daily workflows
- **Troubleshooted** hardware and software issues for 15+ devices, minimizing downtime during peak business hours
- **Built** and maintained the restaurant's website, increasing online traffic and customer engagement by 25%
- **Integrated** online ordering systems with DoorDash and UberEats, streamlining order processing and reducing errors

PROJECTS

Gitlytics | Python, Flask, React, PostgreSQL, Docker

June 2020 – Present

- **Developed** a full-stack web application using Flask serving a REST API with React as the frontend, improving code readability and maintainability
- **Implemented** GitHub OAuth to securely authenticate users and retrieve repository data with minimal API calls
- **Visualized** GitHub collaboration data using interactive charts, enhancing user experience and data accessibility
- **Optimized** background task processing using Celery and Redis, reducing API response times and improving scalability

Wallpay | Python, FastAPI, PostgreSQL

March 2025 – Present

- **Architected** a normalized PostgreSQL database schema to manage user accounts, balances, and a comprehensive transaction ledger, ensuring data consistency and scalability
- **Built** RESTful API endpoints with FastAPI, reducing the number of API calls needed for authentication, balance inquiries, and peer-to-peer transfers
- **Implemented** input validation and error handling to ensure data integrity, preventing duplicate or fraudulent transactions
- **Documented** all API endpoints using FastAPI's auto-generated Swagger UI, enabling seamless testing and improving developer onboarding
