EDUCATION

University of California San Diego

Bachelor of Science in Applied Mathematics, Bachelor of Science in

Relevant Coursework: Honors Linear Algebra, Honors Multivariable C
Computational Problem-Solving, Numerical Analysis

TECHNICAL SKILLS

Tools: Git, Power BI, Excel, SQLite, Vega-Lite, DAX **Lib**

Languages: Python, Java, SQL, C#, HTML/CSS, Stata, R **Data**

EXPERIENCE

Economics Research Assistant

University of California, San Diego

- Built a MATLAB pipeline processing 2001–2024 Radio Maria T
Longley–Rice and free-space to generate $\text{ward} \times \text{antenna}$ matrices
- Collected, digitized, and cleaned 10+ datasets on gender-based
broadcasting in China, ensuring accuracy for econometric analys
- Used Python, Stata, and R to parse 1,000+ pages of transcripts
and run regressions linking religious and economic themes to lab

Data Engineer Intern

AllianceChicago
