EDUCATION

University of California, San Diego

Bachelor of Science in Cognitive Science, Specialization in Machine Learning and Neural Computation, Minor in Data Science

- GPA: 4.0

Expected June 2029

Gokuldham High School & Jr. College, Mumbai, India

High School Diploma (ISC)

- Undertaken curriculum: Physics, Chemistry, Mathematics, Psychology
- Grade 12 Percentage: 96.4%

March 2025

Gokuldham High School & Jr. College, Mumbai, India

Matriculation (ICSE)

- Grade 10 Percentage: 98.4 %

March 2023

SKILLS

Java Programming
GitHub
Python Programming

Arduino IDE
Processing IDE
Google Suites

Social Media Marketing
Design and Graphics
Creative Writing

RESEARCH AND PUBLICATIONS

The Impact of Positive Mental State on Physical Health | *International Journal for Multidisciplinary Research (IJFMR)*

- Authored a research paper titled "The Impact of Positive Mental State on Physical Health," published in the International Journal for Multidisciplinary Research, exploring the correlation between psychological well-being and physical health, highlighting the importance of mental health in holistic health practices
- Shinde, A. (2024). The Impact of Positive Mental State on Physical Health. *International Journal for Multidisciplinary Research*, 6(2). <https://doi.org/10.36948/ijfmr.2024.v06i02.17268>

Emotion Recognition in Human Speech - A Comprehensive Review of Techniques and Applications | *AIRO International Journal*

- Authored a research paper titled "Emotion Recognition in Human Speech - A Comprehensive Review of Techniques and Applications," focusing on methodologies for identifying emotional states in vocal expressions through machine learning.
- Explored practical applications of emotion recognition in various domains, including healthcare for tracking mental health, psychology for understanding emotional patterns, and marketing for sentiment analysis and tailored customer experiences.
- Shinde, A. (2024b). Emotion Recognition in Human Speech - A Comprehensive review of techniques and applications. *AIRO International Multidisciplinary Journal*, 2(2), 2320–3714. <https://www.airo.co.in/view-publication/2108>

Improving Education Delivery in School Systems: The Role of Teachers' Professional Learning Communities | *Creatnet Education*

- Co-authored a research paper through the YLAC Young Researchers for Social Impact (YRSI) program, analysing how Professional Learning Communities (PLCs) can address systemic inefficiencies in Indian school education.
- Explored comparative global case studies (India, USA, Finland) to evaluate the impact of teacher collaboration on student outcomes, and proposed context-specific, scalable recommendations for India.
- Conducted interviews with teachers, parents, and education experts to understand on-ground challenges and stakeholder perceptions, ensuring the research was informed by real-world perspectives.
