

Experience ◇

Designer

Design for America @ UCSD

Sep 2025 - Present

- Led a redesign of Khan Academy's website, focusing on optimizing donation flow to reduce friction and increase donations
- Collaborated with cross-functional student designers to deliver a final product that strengthens user trust and clearly communicates donor impact

Layout & Graphic Designer

The UCSD Guardian

Oct 2025 - Present

- Designed layouts for print and digital media, balancing visual hierarchy, readability, and content flow whilst maintaining design identity across weekly publications

Co-Editor in Chief

PEAK Magazine | TES

Dec 2020 - Jan 2025

- Developed a website to increase exposure of PEAK Magazine to the school
- Led design team of 15+ students to create 50+ page publications focused on youth-driven storytelling and student life
- Mentored current and aspiring designers by hosting design and digital art workshops with the goal of upskilling artists and introducing students to design
- Established a comprehensive style guide to support onboarding of new designers and encourage consistency across all designs
- Coordinated cross-team collaboration and facilitated communication with editors across departments (Media and Writing) to ensure timely and cohesive magazine delivery
- Nominated for Best Magazine Cover, Best Illustration and Best Design for the SHINE School Media awards

Layout Editor

Interstellar Yearbook | TES

Oct 2021 - June 2024

- Created template spreads using Adobe InDesign and established an original visual identity, including curating a unique color scheme used across 300+ pages
- Oversaw design team and guided designers through an iterative design process, providing feedback to foster design growth

Design Intern and Tutor

Lighthouse Camps

Jul - Aug 2024

- Redesigned their website, improving usability and allowing over 300 parents to navigate the website more easily to find courses for their children
- Created a centralized course page by reorganizing site structure and visual hierarchy, reducing cognitive load. Increased accessibility for parents through bilingual website content translation
- Collaborated with the marketing team to create engaging promotional materials such as flyers to communicate program offerings clearly
- Tutored 10+ students in STEAM subjects; developed and taught a structured curriculum for beginner coders

Co-founder

DouSquared

Sept 2023 - Present

- Initiated promotional campaigns such as giveaways, boosting brand visibility and customer engagement, successfully raising over 11,000NTD through sales
- Built and grew a small business creating handmade stickers, keychains and original art
- Donated over 11,000NTD to provide second hand computers for underserved communities
