San Diego, CA; jfan47051@gmail.com; 510-640-4522,

Education

University of California, San Diego — B.S. Cognitive Science (HCI), Design Minor

Expected June 2029 | GPA: 3.5

Relevant Coursework: Design 1, COGS 10 (HCI)

Experience

- **UI/UX Designer — SimplyLux** 2025 – Present
 - Work cross-functionally with PMs and developers to add extension points for SimplyLux's CRM.
- **Design Project Lead / Product Design Coordinator – ACM** 2025 – Present
 - Launched the chapter's first industrial design initiative, introducing CAD-driven product development into a computer science organization.
 - Designed and documented a multi-week product design framework with ideation, user research, CAD prototyping/rendering, and final deliverables.
- **Marketing & Sales Intern – Y10.ai** 2025
 - Conducted A/B testing on outbound messaging to evaluate user engagement and response patterns across multi-step campaigns.
 - Performed market and competitor research to evaluate positioning, messaging effectiveness, and outreach strategy.

Projects

- **Data Privacy UX Project** 2026-Present
Figma, Procreate Fusion 360, Keyshot
 - Developed an end-to-end physical watch with an integrated digital component UX flow that handles sensitive information.
 - Used User Research, Information Architecture, Technical sketching, Design Systems to translate into clear onboarding flows and privacy settings architecture, boosting user trust and created a responsive prototype with Figma and Keyshot
- **Design for America (Habitat for Humanity Volunteer Platform Redesign)** 2026
Figma
 - Led the redesign of a volunteer discovery and registration experience in collaboration with Design for America, creating user journeys and high-fidelity responsive interfaces in Figma using Auto Layout, reusable component libraries, and variant systems.
- **FlipSnap Remote — Foldable Minimalist Universal Remote** 2024
Fusion 360, Procreate | Product Design, CAD, UX Systems
 - Led end-to-end product design from problem definition to CAD prototype.
 - Conducted accessibility-driven research to reduce cognitive load in T.V remotes.
 - Combined physical properties and digital navigation logic.
- **Lumisphere — Ambient Diffuser Lamp** 2024
Fusion 360, Procreate | Product Design, CAD, UX Systems
 - Applied research from RISD to create a model relaxation lamp in Fusion 360
 - Learned about CMF (Color, Material and Finish) and also developed my ability to sketch, CAD, and communicate through effective storytelling.

Skills

Design & Prototyping: Figma, Framer, CAD (Fusion 360 + Keyshot), Digital/Analog Sketching

UX & Product Systems: User Experience Design, User Interface Design, User Research, Wireframing, Information Architecture, Visual Design, Components & Variants, Auto Layout & Constraints, Prototyping, Design Systems, User Flows & User Journeys
