

## Jim Bang

---

[jibang@g.hmc.edu](mailto:jibang@g.hmc.edu) • (213)-424-2299 • Claremont, CA

### Education

#### Harvey Mudd College

B.S., Computer Science and Mathematics

Claremont, CA  
May 2029 (Expected)

#### CALOPS + Global Leadership School

SAT 1570/1600, Rank 5/699

Honors: USAJMO Qualifier, USABO Semi-finalist, AIME Qualifier (3x), ACSL Finalist

Los Angeles, CA  
June 2025

### Skills

**Languages:** Java, Python, Javascript, Bash, PostgreSQL, C++, Lean, git

**Software:** Linux, macOS, Github, vim, Microsoft and Google suites, Trello

### Research

#### Studies in Population Dynamics

##### Student Researcher

Los Angeles, CA  
May 2023 – August 2024

- Analyzed population dynamics models bounding global carrying capacity under explicit assumptions with a professor from USC, was expected to track and synthesize interdisciplinary research on population dynamics
- Proved existence of a fixed point in a major population model using the Leray–Schauder fixed-point theorem
- Validated theoretical results against the LPJML(4) model, reaching out to the original authors
- Began development of a ML model to project future populations, taking into account numerous factors such as carbon footprint, availability of food, and other quantifiable variables

### Experience

#### ASHMC

##### Class President

Claremont, CA  
November 2025 – Present

- Organized and executed campaign and class events with cross-college attendance across college consortium
- Coordinated class merch design initiative, managing logistics, promotion, and student feedback
- Authored weekly student government recap emails to improve transparency and engagement for our year

#### Extern (Pfizer Partner Externship)

##### Document Intelligence Extern

Remote  
February 2026 – April 2026 (expected)

- Building an OCR tool to extract and a RAG retrieval prototype for pharma vendor documents using Tesseract, PaddleOCR, and LlamaIndex(Tesseract/PaddleOCR, LlamaIndex)

#### Mu Alpha Theta

##### Chapter President

Los Angeles, CA  
September 2022 – June 2025

- Invited into a chapter of a national math honors society, compiled instructional materials
- Organized workshops and casual meetings with discussions on topics of interest and lectured in competition-math topics (i.e. combinatorics, algebraic geometry)

#### Project AwareAI

##### Project Manager

Los Angeles, CA  
August 2024 – July 2025

- Worked as a project manager at a student organization to bring AI-ethics workshops across California
- Coordinated a team to build, market, and host workshops to promote ethical AI usage in public libraries across CA

#### SOS Tech and Ethics

##### Program Lead

Los Angeles, CA  
December 2022 – December 2024

- Developed and hosted digital-literacy workshops for seniors at the Los Angeles Public Library
- Coordinated a team to build a full-stack educational website submitted to the Congressional App Challenge
