

EDUCATION

University of California, San Diego | Bachelor of Science - Data Science | 2024 - 2027

GPA: 3.68
Big West Commissioner's Honor Roll with Highest Honors
Dean's List Fall 2024, Winter 2025, Spring 2025, and Fall 2025 Quarters

The Pennsylvania State University | 2023 - 2024

GPA: 3.90
Dean's List Fall 2023, Spring 2024

PROJECTS AND RELEVANT EXPERIENCE

Power Outage Duration Project

Analyzed 1,534 power outage events and trained regression models using cross-validation and GridSearchCV, performed feature engineering, reduced RMSE from 5934 to 1.65 after log-transformation, and evaluated model fairness via permutation testing.

Principles of Data Science with Python

Cleaned and transformed 50K rows of data using Python/Pandas, resolving missing values and preparing structured features for analysis.

Computer Science Programming

Developed unigram and n-gram language models by implementing tokenization, probability estimation, and text generation to evaluate corpus patterns.

Statistics and Machine Learning

Merged and aggregated 2 or more datasets, performed statistical tests, and created data visualizations to identify key trends.

Data Structures & Algorithms

Implemented a compliant web-scraping pipeline (respecting robots.txt) to collect training data, optimizing parsing and data-handling workflows.

Engineering Design Principles

Led a team to design, prototype, and present an improved clothing-hanger solution for Goodwill Keystone, applying modeling and evaluation methods to enhance functionality and sustainability.

SKILLS

Programming: Python, Java
Data Tools: Pandas, Jupyter, GitHub, SQL, Scikit-learn
Engineering/CAD: SolidWorks, Inventor, OnShape, MATLAB
Soft Skills: Time management, leadership, teamwork, problem-solving, organization

WORK EXPERIENCE

Handshake AI | AI Model Trainer | 2026–Present

- Evaluated, analyzed, and provided structured feedback to refine AI-generated text, image, and audio outputs, improving model accuracy and alignment.

Fairfax County Public Schools | Substitute Teacher | 2024-2025

- Managed classrooms of 20–25 students, including classrooms dedicated to children with Autism, and delivered lesson plans across subjects. Adapted communication and instruction for diverse learning styles.

EXTRACURRICULAR ACTIVITIES

- UC San Diego & Penn State University Division I Track and Field Student-Athlete
- Black Triton Association member for black scholar-athletes at UCSD
