LEADERSHIP/INVOLVEMENT

Events Committee / Member, Association for Information Systems, CSULB

August 2025 - Present

- Fundraise on and off-campus to improve event quality by funding branding items and hospitality
- Create frameworks by documenting ideas and improving processes for future board members
- Outreach to recruiting partners with the association's contact protocols for funding our data competition
- Coordinate socials for members, board members, and alumni to network with one another
- Learn the fundamentals of industry applications such as Tableau, SQL, Excel
- Establish a network with professionals and upperclassmen in Information Systems or a related field
- Attend events such as DataCon LA 2025 to enrich knowledge about current events and field-related skills
- Enhance administrative skills such as time/project management, interpersonal skills, and problem-solving
- Encourage and support other members to develop marketable skills for effective business operations

Project Manager / Club President, Software Design & Development, CAMS

August 2024 - June 2025

- Organized group members of varying skill levels and assigned tasks accordingly
- Managed the timeline of soft and hard deadlines to ensure the minimally viable product is made in time
- Compiled and detailed analyses of weekly reports from all group members for tentative planning
- Tracked current assignments for the group and sorted them based on priority
- Showcased the CAMS computer science pathway as a representative during school recognition conferences
- Mediated with group members for conflict resolution
- Handled time pressure from deadlines by planning ahead and updating the group calendar
- Arrange club fundraisers by handling logistics and communicating with the administration

EXPERIENCE

Student Assistant, College of Professional and Continuing Education, CSULB

September 2025 - Present

- Optimize awarding certificates, improving time by 50% by mail merging information from Excel to Word
- Automated data entry of student information with XLookup and Power Query
- Provide guidance to students and help staff resolve unexpected issues or needs
- Assist with completing faculty contracts and other administrative tasks
- Support instructors and international chaperones during program delivery
- Schedule and manage room reservations for classes and events
- Visualized the college's student population for presentation at a quarterly meeting through Excel

SKILLS/ACHIEVEMENTS

- Self-motivated, adaptable, attentive, communicative, resourceful
- DataCamp Data Literacy Certifications
- CSULB Leadership Learning Certificates: Emerging Leaders and Leadership Academy
- Microsoft Office Suite (Excel, Word, PowerPoint, Teams, Outlook)
- Programming Languages (Java, Python) - Intermediate
