

Kay Do

Los Angeles, CA | (626) 246-2810 | kydo@ucsd.edu

EDUCATION

UNIVERSITY OF CALIFORNIA, SAN DIEGO - JACOBS SCHOOL OF ENGINEERING

Bachelor of Science, Bioengineering

La Jolla, CA
Expected June 2029

NATIONAL TAIWAN UNIVERSITY

Study Abroad Program in Chinese

Taipei, Taiwan
Jun 2025 - Aug 2025

LEADERSHIP

BIOMEDICAL ENGINEERING SOCIETY: LAB EXPO

Advertising Sub-Lead

La Jolla, CA
Oct 2025 – Jan 2026

- Designed promotional materials for BMES's annual research symposium, creating eye-catching graphics and coordinating outreach across social media, printed flyers, and the campus marquee; Drove event visibility and secured 150+ attendees, contributing to a successful event

STEMSTERS (non-profit 501(c)3, PVSA-certified organization)

Chapter Founder/President

Los Angeles, CA
Feb 2024 – May 2025

- Lead mentor at local elementary schools with demonstrated need for STEM education opportunities; Encouraged kids to think creatively and critically and work in a team through hands-on STEM projects
- Developed STEM lesson plans and engaging projects alongside other chapters across Southern California

VIETMD.NET

Teaching Assistant

Hanoi, Vietnam
Jan 2023 – May 2025

- Worked alongside the U.S. Embassy in Hanoi, Vietnam in virtual Medical English teaching initiatives aimed at teaching foreign doctors and medical students
- Taught medical terminologies including topics from cardio-pulmonary to gastrointestinal systems
- Aurally exemplified correct pronunciations, explained fundamental grammar rules, and role-played potential physician-patient scenarios. Translated in Vietnamese when necessary

ACTIVITIES

NATIONAL SECURITY LANGUAGE INITIATIVE FOR YOUTH (NSLI-Y CHINESE)

Scholarship Recipient

Taipei, Taiwan
Jun 2025 – Aug 2025

- Awarded a fully funded U.S. Department of State scholarship to study abroad as 1 of 16 students selected nationwide
- Achieved Intermediate High in Mandarin through intensive immersion, including over 150 hours of language instruction and daily interactions with locals
- Conducted research and presented a bilingual presentation on the societal and cultural impacts of Taiwanese Superstitions
- Initiated and conducted a coffee chat with Cheng-Chih Hsu, CEO and founder of Leeuwenhoek Laboratories, to gain strategic insights into the biotechnology industry

GIRLS WHO CODE SELF-PACED PROGRAM

Participant

Remote
Jun 2024 – Aug 2024

- Participated in a 6-week program and learned coding languages like HTML, CSS, JavaScript, and Python through virtual projects
- Explored concepts of web development, cybersecurity, data science, and artificial intelligence

STANFORD MINI-FELLOWSHIP PROGRAM ON MOLECULAR IMAGING TECHNIQUES

Summer Fellow

Remote
Jun 2024 – Jun 2024

- Participated in a 3-week mini-fellowship introducing students to biomedical research including cancer imaging and STEM related careers through web-based didactics
- Focused on novel topics in molecular imaging research with a particular emphasis on the development of practical, rigorous research skills

SKILLS AND AWARDS

Technical Skills: Proficient in Javascript **Languages:** English, Vietnamese [Native], Cantonese [Native], Mandarin [Intermediate High]

Awards: Certificate of Appreciation issued by the U.S. Embassy in Hanoi, Vietnam

1ST PLACE IN MATH ENGINEERING SCIENCE ACHIEVEMENT (MESA) BIO BREAKTHROUGH

Local

Issued Jan 2025

- Demonstrated deep CRISPR understanding by transcribing and translating DNA sequences, solving transcription puzzles, and co-designing a CRISPR-Cas9 gene-editing model to evaluate CRISPR applications for monogenic diseases; secured regional finalist position
