laurenkim389@gmail.com

RESEARCH INTERESTS

Interested in leveraging computational tools to analyze biological datasets. Specific interests include genomic sequencing, molecular modeling, and the application of chemical principles to biological systems. Eager to build a strong foundation in bioinformatics to support data-driven discovery in a laboratory setting.

EDUCATION

University of California, San Diego | La Jolla, CA

Bachelor of Science in Biology with a Specialization in Bioinformatics

- **Timeline:** September 2024 – Present
- **Relevant Coursework:** General Chemistry Laboratory for Majors, General Chemistry (6AH, 6BH, 6C), The Cell, Organismic and Evolutionary Biology, Calculus and Analytic Geometry for Science and Engineering, Linear Algebra, Introduction to Differential Equations

Cypress High School | Cypress, CA

High School Diploma

- **Timeline:** August 2020 – May 2024
- **Awards:** AP Scholar Award (2024)

RESEARCH & PROFESSIONAL EXPERIENCE

Allergan Aesthetics | Irvine, CA *Intern* | July 2023 – August 2023

- Participated in department shadowing to observe professional laboratory and clinical environments
- Conducted informational interviews with employees to analyze various career trajectories within biotechnology
- Successfully networked with industry professionals to gain insight into company operations and research goals

SKILLS

- **Hard Skills:** Excel, PowerPoint
- **Soft Skills:** Critical thinking, professional communication, and high attention to detail
- **Languages:** English (Fluent); Korean (Limited Working Proficiency)

INTERESTS

- Healthcare, data analytics, reading, learning languages
