619-739-1207 | mil197@ucsd.edu | [linkedin.com/in/minglu-ucsd](https://www.linkedin.com/in/minglu-ucsd)

EDUCATION

University of California, San Diego

B.S. Artificial Intelligence, Minor: Finance

San Diego, CA

Sep. 2025 – Present

EXPERIENCE

Triton Software Engineering (TSE)

October 2025 - Present

Full Stack Developer

- TSE creates digital solutions to help nonprofits make a meaningful social impact
- Developing a full-stack web application for the David Brower Center to visualize and communicate relationships between partnered nonprofit organizations
- Built reusable React components to render dynamic, filterable list views of nonprofit organizations
- Integrated PostgreSQL database with backend services, writing SQL queries to retrieve and join organization data
- Collaborating in agile sprints using Git-based pull request workflow and peer code reviews

USA Coding Olympiad

January 2022 – December 2024

Gold Division

- Solved competitive coding problems using C++
- Experience with sorting/searching algorithms, data structures, and graph traversal

Congressional App Challenge

August 2023 – April 2024

Winner

- Created an interactive web application named *PyLearners* to help beginning programmers learn Python
- Designed three features: Python-inspired Wordle, Function Guesser, and Project Dispenser
- Built using JavaScript, HTML, and CSS for the frontend, and Flask for the backend
- *PyLearners* was selected to be showcased in the U.S. Capitol Building

VOLUNTEERING

SimplyChess

December 2020 – Present

Founder

- Created a 501(c)(3) nonprofit providing free lessons and tournaments for chess players of all ages and levels, regardless of financial background
- Formed a team of like-minded chess enthusiasts responsible for coaching and directing tournaments
- Impacted over 300 chess players nationwide

Presidential Volunteer Service Award

2022-2024

Gold

- Awarded for 250+ hours of community service
