- ‘Electronic Dice’, audiovisual biofeedback gadget, April 2023
- ‘DentaPops’, post-operative dental care application, December 2022
- ‘Wire Buzz Perceptual Motor Skill Enhancing Game’, November 2022
- ‘DentaDevils Cognitive Improvement Game’, July 2022
- Bluetooth home automation system, April 2022
- Sensor-based automatic dustbin, January 2022
- QR-code-based Library Management Software, September 2021

SKILLS

- **Programming:** Java, JavaScript, JSX, SQL, HTML, Python, QBasic, Small Basic, Arduino
- **Concepts:** Object-oriented programming, react coding, web app development, machine learning, data science, microcontrollers, electronics, survey research, statistical analysis
- **Design:** UI/UX designing, scripting, content optimization, video editing, social media profiling
- **Bioinformatics Tools:** STRING, Human Protein Atlas, BLAST, ImageJ, GWAS, Ensembl
- **Lab:** Pipetting, pH analysis, centrifugation, crystallization, distillation, salt analysis, Western Blots, Polymerase Chain Reactions
- **Proficiency:** Microsoft Office, SQL Server, Visual Studio Code
