Professional Summary

Computer Engineering student at University of California, Irvine with a growing focus on **quantum computing, embedded systems architecture and artificial intelligence**. Passionate about exploring how **web technologies, artificial intelligence and hardware design** can come together to create innovative solutions. Enjoys building web programs that make the UI simpler, more intuitive and visually appealing, while continuously learning about the new-gen technologies.

Education

- 1) **University of California, Irvine** — Bachelor of Science in Computer Engineering
September 2024 – Present
Relevant Coursework: Data Structure, Computer Architecture, C programming, Verilog, Embedded Systems
 - 2) **Taylor's College, Kuala Lumpur** — Cambridge A Levels
August 2022- August 2024
Subjects: Mathematics, Physics, and Computer Science.
-

Projects

Voice-Controlled Wheelchair Prototype

- Designed and developed a voice-activated wheelchair using Bi-Box, Arduino, and Google Voice Assistant.
- Enhanced mobility accessibility by enabling seamless voice control for users.

WeDeliverGreens- Grocery Delivery Website

- Built a functional grocery delivery website using HTML and CSS featuring product listings and a "Contact Us" form.
 - Designed a responsive layout accessible on both mobile and desktop screens.
 - Published the project online as part of a high school technology fair.
-

Experience

Volunteer, Sankalp NGO, New Delhi

April 2020- March 2021

- Initiated and led a fundraiser and educational program to support underprivileged students.
- Delivered tutoring and mentorship to enhance educational opportunities for disadvantaged youth.

Technical Skills

- Programming: Python, Visual Basic, HTML, Verilog, CSS, C
- Tools & Platform: Arduino, MATLAB, Git, Visual Studio Code, Microsoft Word, Excel, PowerPoint
- Core Areas: Embedded Systems, Web Development, Algorithm Design, Problem Solving

Awards

- Awarded Best Position Paper at Taylor's Model United Nations for excellence in research and diplomatic writing.
- Secured Silver Medal in National Cyber Olympiad and Green Olympiad.

Extracurricular Activities

- Member, Quantum Computing Club at UCI
