Stephanie Kovalchuk-Lum

UC San Diego BS' student

Major: Cognitive Science Specialization in Design and Interaction

Minor: Entrepreneurship and Innovation

I want to design to save lives.

Skills

Technical: CAD (Computer-Aided Design): SolidWorks (advanced), Inventor (advanced), Revit (foundational)

Drone pilot (advanced), Robot Arm Fundamentals (intermediate), Graphic design (intermediate), 3D printing (intermediate), MIG welding (intermediate), Plasma/Laser engravers (intermediate), Python (intermediate), MATLAB (intermediate), Excel (foundational), CNC Milling Technology (foundational)

Universal: Articulate public speaker, collaborative team member, adaptive cross-cultural communicator

Language: English (fluent), Russian (fluent), Spanish (conversational), Ukrainian (conversational), Mandarin Chinese (foundational)

Experience

Bezalel Product Animation Team Member

March 2025 - June 2025

- Designed a product animation with my CAD team using Blender for the start-up Bezalel

NASA C3: COSMIC Capstone Challenge Team Member

January 2025 - June 2025

- Collaborating with a team in school to create a machine which performs ISAM (In-Space Servicing, Assembly, and Manufacturing), playing a key role in the CAD designs and construction of the robot

RevX: Founder & Product Manager

January 2026 - Present

- Leading a start-up of 3 people to bridge the gap between mechanics and people
 - Utilizing GitHub and Cursor, gaining project & product management experience
-

Certifications

SolidWorks and Autodesk Inventor (CAD) Certified, Part 107 Remote Pilot Certified (Commercial Drone License), Yaskawa Robot Operator Certified, OSHA Hand and Power Tool Safety Certified, Vex V5 Workcell Certified

Interests

Cars, entrepreneurship/business, product and UI/UX design, social media, marketing, traveling, languages, photography including drone footage, and skating
