WORK EXPERIENCE

uCTRL.ai
Founding Engineer

Jun 2025 – Present
Danville, CA

- Empower users in their health journey by building a full-stack personal health companion, integrating health portal data retrieval, consent mechanisms, EHR sharing; coordinate a 500-student pilot at UL Lafayette
- Lead 100+ customer discovery interviews and present data-backed insights on Gen Z healthcare behavior to C-level leadership, shaping GTM strategy and feature development.
- Co-authored investor materials and pitch deck that raised \$500k in pre-seed funding

Opkey Inc.
SWE Intern

Jun 2022 – Mar 2025
San Francisco, CA

- Streamlined user experience by implementing tool-calling LLMs, replacing traditional UI workflows
- Built an OCR + PII detection pipeline with sampling and early inference algorithms, optimizing scan scope and achieving 98% detection accuracy.
- Helped development run smoothly by debugging issues via Jira when required

Green Matter Inc.
Founder

Sep 2024 – Feb 2025
Santa Cruz, CA

- Led R&D validating algae bioplastics for sustainable packaging and extrusion applications; pivoted after market and materials analysis.
- Raised \$6k in prototype funding from University of California, Santa Cruz via Ideathon pitch competition
- Networked with green industry professionals as part of 2024 Sustainable Ocean Alliance entrepreneurship cohort
