Mathematics-Computer Science Student at University of California, San Diego | U.S. Citizen

EDUCATION

University of California - San Diego, La Jolla, CA

Bachelor of Science in Mathematics-Computer Science; Minor in Cognitive Science

Expected June 2027

GPA: 3.5

SKILLS

- Java | C | C++ | ARM Assembly | MATLAB | UNIX | Python | Git | GitHub | VSCode
- Event Management | Corporate Outreach | Data Entry | Project Coordination

PROJECTS AND RELEVANT COURSEWORK

Memory Allocator (Systems Programming) | *C, Systems Programming, Memory Management*

- Developed a shared library implementing custom versions of malloc and free for simulated heap memory management
- Designed and implemented block headers, footers, and coalescing logic using bitwise operations and pointer arithmetic
- Implemented best-fit allocation and block splitting, ensuring 16-byte alignment and efficient heap traversal
- Gained deep understanding of systems-level programming, memory layout, and low-level debugging

CSV Parser (Systems Programming) | *C, Pointers, getopt, File I/O*

- Built a command-line utility to parse and filter columns from CSV files using standard input redirection
- Implemented command-line argument parsing
- Wrote a custom string-splitting algorithm using pointers only, replacing delimiters with null terminators to tokenize data in place
- Strengthened skills in memory-safe C programming, file I/O, low-level debugging and pointer arithmetic

Computer Science and Engineering Coursework

- Advanced Data Structures, Object-Oriented Design, Systems Programming and Software Tools, Computer Organization, Theory of Computation

Mathematics Coursework

- Linear Algebra, Vector Calculus, Differential Equations, Discrete Mathematics and Graph Theory, Abstract Algebra

Cognitive Science Coursework

- Neurobiology, Data Science in Practice, Neuroanatomy and Physiology

WORK EXPERIENCE

Student Assistant (October 2023 - Present)

Corporate Affiliates Program, Jacobs School of Engineering - La Jolla, CA

- Support recruitment and university outreach events for 100+ corporate sponsors, assisting with logistics, check-in, and event coordination
- Utilize the 12twenty platform to manage employer job postings, event registrations, and student engagement data
- Serve as day-of point of contact for corporate recruiters and university staff, troubleshooting A/V and technical issues as needed
- Coordinate communication between employers, students, and internal teams to ensure smooth execution of recruiting events

Carl's Jr. Crew Member (February 2023 - June 2023)

Carls Jr. - Palm Springs, CA

- Coordinated food preparation, cashier responsibilities, restocking inventory, and opening/closing store
- 25+ working hours per week
