

SOFTWARE DEVELOPMENT STUDENT | 16 YEARS OLD

Distrito Nacional, DR | +1(876) 76 2008@gmail.com

SUMMARY

Aspiring cloud engineer with a background in software development and a growing knowledge of AWS and networking. Experienced in deploying cloud-based applications, setting up EC2 instances, and working with APIs. Currently developing a platform for digital payments using NFC technology. Looking for an opportunity to contribute and expand my expertise in cloud solutions.
