EDUCATION

University of California, San Diego B.S., Data Science, Minor in Finance

Expected June 2029

- GPA: 4.0
- Revelle Freshman Honors Program.
- Relevant Coursework: DSC 20, MGT 12, DSC 10, ECON 1, BILD 5.

Mountain House High School

October 2023 – May 2025

- Graduated with High Honors
 - AP Statistics (5), AP Calculus AB (5), AP Physics 1 (4), AP Physics C Mechanics (4), AP Government (4), and AP Macroeconomics (4).
-

PROJECTS

Bridgewater Forecasting Competition

present

- Applying time series and probabilistic forecasting methods to a diverse set of macroeconomic and quantitative questions.
- Developing and comparing statistical and machine learning models to generate calibrated numerical forecasts across 50 forecasting tasks.

Algorithmic Advanced Options Trading Bot

2025 - present

- Developing an algorithmic options trading system in Python, designed and backtested using QuantConnect (Lean).
- Implements a mean-reversion strategy on implied volatility, focusing confirmation on short option positions.
- Conducting systematic backtesting, parameter analysis, and performance evaluation to assess robustness and risk characteristics.

Experimental Data Analysis and Significance Report On the Effect of Cold Showers

2025

- Designed and analyzed a statistical experiment using simulated data to test the effect of cold showers on absence of sickness.
 - Performed data cleaning, transformation, and visualization in R to explore distributions and relationships.
 - Justified all inferential choices with explicit discussion of statistical power, Type II error (β), and significance.
-

EXPERIENCE

Golden Coast Innovations Non-Profit Organization, CA, USA Project Manager and Marketing Specialist

2023 - 2025

- Planned & executed 10 STEAM events with a team.
- Taught 100+ elementary and middle schoolers design, coding, & idea implementation.
- Developed a detailed curriculum for workshops and fundraised \$7000+ for the FTC + FLL teams we manage.
- Inspired the passion of STEAM in youth in our community.

First Tech Challenge Team Robonks #22943, CA, USA 2023 - 2025

Head Autonomous Systems Director

- Worked to design & build a competition-ready robot.
 - Led autonomous efforts, directed drone design & devised game-winning strategies.
 - All systems that I designed, created, and managed were successful in competition.
-

SKILLS & AWARDS

- Programming Languages: Python, R, SQL Java, HTML, CSS, C, QuantConnect.
- Microsoft Office (Including Excel) and Google Suite.
- Experimental Design and Data Visualization.
- **Certificate of Distinction for Waterloo Pascal Math Contest:** The recipients of this award are those who place in the top 25 percent of all participants globally.
- **Certificate of Recognition for ELA, Math, and Science 2024 CAASPP and CAST:** Recipients got a perfect score on the ELA, Math, and Science CAASPP and CAST.
