Corona, CA | (951) 741-1472 | nguyentranchaylen@gmail.com | [LinkedIn](#) | [Website](#) | [Github](#)

EDUCATION

UNIVERSITY OF CALIFORNIA, SAN DIEGO

- Data Science B.S., Cognitive Science Design & Interaction B.S. (2028) || cnguyentran@ucsd.edu

EXPERIENCE

DESIGN AMBASSADOR - UCSD DESIGN LAB

AUG 2025 - PRESENT

- Assist with the coordination and execution of Design Lab programs and events, including preparing materials, signage, and supporting in-person set-up and breakdown
- Collaborate with professors, researchers, staff, and student teams to support Design Lab initiatives and ensure smooth program operations
- Provide day-to-day operational support in a public-facing environment by assisting visitors

BEATS BY DRE DATA ANALYTICS EXTERN

MAY 2025 - AUG 2025

- Uncover market trends, analyze customer feedback, and perform sentiment analysis to generate insights for brand strategy and product development
- Applied AI-driven methods and conducted qualitative and quantitative data analysis, creating visualisations using Python (Pandas, NumPy, Seaborn) and Google Sheets for consumer insight on wireless speakers

UCSD SIXTH COLLEGE - ORIENTATION LEADER

APR 2025 - PRESENT

- Led small groups of incoming students to UC San Diego, and presented key information on campus resources, academic requirements, and college life
- Collaborated with a team of 30+ leaders and staff to execute a multi-day program for 1000+ new students from diverse backgrounds
- Assist with logistics, guest communications, and provide updates to students and staff via email

VICE PRESIDENT & LEADERSHIP TEAM MEMBER - KEY CLUB INTERNATIONAL

APR 2020 - APR 2024

- Designed marketing materials using Canva and Procreate; managed the club's Instagram presence and outreach, gaining 50+ Instagram followers. Communicate important links with Linktree updates.
- Directed meetings for 100+ members, and planned service initiatives/fundraisers for the Pediatric Trauma Program

PROJECTS

[UTIME - PRODUCTIVITY & STUDY COMPANION APP](#) | SWIFTUI, GITHUB, XCODE, UI/UX DESIGN

2025

- Applied UI/UX design principles to develop an iOS app to support focus and productivity with an integrated Pomodoro timer, task manager, and calendar views with features like audio, alarms, and custom fonts for enhanced engagement
- Implemented persistent data storage using SwiftData and SwiftUI components with Mac OS and XCode

[DISNEY DOPPELGÄNGERS](#) - INTERACTIVE NLP CHARACTER MATCHING TOOL | PYTHON, GOOGLE COLAB, SENTENCE TRANSFORMERS, LOOKER STUDIO

2025

- Designed and built on an NLP data pipeline using BeautifulSoup and spaCy preprocessing to apply MiniLM-L6-v2 embeddings and cosine similarity for matching user input and their personality traits to a Disney character.
- Conducted EDA and cleaned Disney Character Data Sets

[STUDY NEST - HUB FOR STUDENTS](#) | HTML/CSS/JAVASCRIPT, FRONTEND, REPLIT

2024

- Built a responsive, multi-page site delivering study tools and resources using semantic HTML, modular CSS, and interactive JavaScript
- Implemented dynamic navigation, mobile and computer-friendly design, and accessible UI components
- Deployed via Replit for seamless browser delivery
