

MUSTAQIM BIN BURHANUDDIN – (PIQIM)

San Diego, California, 92121, United States || +1 619 (534)-0245 || mbinburhanuddin@gmail.com || <https://piqim.com>

PROFESSIONAL SUMMARY

I am a *Mathematics-Computer Science* student at *UC San Diego* with a strong passion for software, data, and mental health. As a *Yayasan Khazanah* scholar, I have refined my leadership, problem-solving, and communication skills, enabling me to manage projects and collaborate effectively with teams. I am eager to apply my software development and data analysis expertise to develop my technical capabilities and contribute to impactful projects.

EDUCATION

BS, Mathematics-Computer Science (~3.47 GPA) <i>University of California, San Diego, United States</i> Expected Graduation: June 2028 (Current: 2nd Year)	Cambridge International A-Level (3A 1B) <i>Kolej Yayasan UEM, Selangor, Malaysia</i> Graduated: June 2024
--	--

PROJECT(S)

Modeling Calorie Burn in Gym-Based Exercise Sessions https://piqim.shinyapps.io	January 2026
- Developed a descriptive analytics and statistical inference pipeline in R, performing distributional analysis, summarization, linear regressions, and ANOVA to quantify the source of calorie expenditure across 973 gym users. - Designed an interactive R Shiny analytics integrating data ingestion, automated hypothesis testing, on-demand regression modeling, diagnostic visualization, and result export to support exploratory and inferential analysis.	
Scholarship Repository Website – KERIS Official Website https://kerismy.com	March 2025
- Developed a full-stack website using the MERN stack to provide a comprehensive roster of mentor scholars and scholarship information, ensuring accessibility for students and aspiring scholars. - Designed and implemented key features, including a searchable mentor directory and scholarship database, to enhance user experience and facilitate informed academic decisions.	

EXPERIENCE(S)

ITS-RRSS Field Support Student Technician	May 2025 - Current
<i>University of California, San Diego, La Jolla, California, United States</i>	
- Performed system imaging, software installation, and hardware deployment for 50+ Windows/macOS machines, enhancing operational readiness across supported departments. - Troubleshooted 100+ technical issues involving OS performance, Microsoft Office, and Adobe applications, contributing to a 20% reduction in unresolved support tickets with additional customer support.	

INVOLVEMENT(S)

Project Researcher	January 2026 - Current
<i>Engineers Without Borders (EWB) @ UC San Diego</i>	
Conducted impact-driven educational research to identify and synthesize evidence-based, high-engagement STEM project models for K–12 students across San Diego County, informing the design of inclusive, hands-on workshops that integrate experiential learning, mentorship, equity-focused outreach, and real-world engineering applications.	
Treasurer	March 2025 - Current
<i>Malaysian Student Association (MYSA) @ UC San Diego</i>	
Managed financial planning and budgeting for events, conducted cost analyses, and provided strategic recommendations to ensure efficient use of resources. Led meetings to address student concerns and oversee the management of the ~50-member Malaysian student community at UC San Diego.	
Advisor	September 2024 - Current
<i>Kelantan Educational Resource Initiative for Students (KERIS)</i>	
- Co-founded, directed, and advised an organization focused on scholarship exposure for rural students in Kelantan. - Launched the flagship annual Mock Interview Event, providing scholarship support to over 150 high school graduates, resulting in a 71% increase in scholarship recipients among participants.	
Mentor Developer	October 2025 - December 2025
<i>Association for Computing Machinery (ACM) - Hack @ UC San Diego</i>	
- Volunteered to mentor students through Hack School, a quarter-long bootcamp by ACM Hack focused on full-stack mobile application development basics, including JavaScript, React, Next.js, Express, and Vercel. - Provided technical mentorship on UI design, API integration, and full-stack architecture best practices.	

REFERRAL(S)

Norhidayah Aslah – norhidayah.aslah@hasanah.org.my Head of Scholarship Khazanah Nasional Berhad	Gregorio Lardizabal – galardizabal@ucsd.edu Technician Supervisor IT Services RRSS @UC San Diego
