EDUCATION

- **University of California San Diego** La Jolla, CA
Bachelor of Science - Data Science 09/2024 – present
 - **GPA:** 3.773
 - **Relevant Courses:** Calculus III, Business and Operations Management, Principles of Financial Accounting, Principles of Data Science, Programming, Data Structures and Algorithms, Econometrics A, Principles of Microeconomics, Principles of Macroeconomics, Theoretical Foundations of Data Science I
 - **Clubs/Organisations:** Quantative Analyst (Industrial and Materials Sector) - Hedge Fund Club, Researcher - Eclipse Sports Analytics, Social Events Committee Member - Data Science Student Society,
 - **Volunteer Work:** Global Ambassadors Program Mentor, Cohort Member and Mentor at Physical Sciences Program, Friendly Ellie Mentor - ERC UCSD
 - **Scholarships:** Jane Hett Study Abroad Memorial Scholarship
 - **Hackathons:** Music Video Hackathon, LIVE AI Best Coast 2025
 - **Additional Courses:** Codepath Technical Interview Prep and CyberSecurity
- **London School of Economics and Political Science** London, UK
Summer Exchange Program 06/2025 – 07/2025

Completed an Economics course focused on microeconomic theory, policy analysis and game theory.
Attended various workshops, networking events and entrepreneurship panels.

SKILLS

Technical Skills: Python, Java, MATLAB, HTML, Git/Github, Pandas, NumPy, Excel

Non-Technical Skills: Financial Modeling, Econometrics (R), Operations and Business Analytics, Data Visualization, Statistical Inference, Data Wrangling, Project Management, Technical Writing, Quantitative Research, Risk Analysis

Soft Skills: Team Leadership, Event Coordination, Communication, Strategic Planning, Collaboration, Mentorship, Public Speaking, Creativity, Adaptability, Problem-Solving

WORK EXPERIENCE

- **Saraswati Plastotech India Private Limited** Jammu and Kashmir, India
Data Analyst Intern 07/2023 – 08/2023
 - Leveraged Python (Pandas, NumPy) and Excel to analyze polycarbonate production data, identifying inefficiencies and improving workflow insights.
 - Streamlined cross-functional data processes, reducing project turnaround time by 25%
 - Collaborated with IT and business stakeholders to enhance data accuracy, automate reporting pipelines, and improve decision-making efficiency across departments.
- **Saraswati Agro Chemicals Limited** Jammu and Kashmir, India
Data Analyst Intern 05/2023 – 06/2023
 - Collected and preprocessed data on agrochemical products and market trends.
 - Conducted statistical analysis to inform data-driven decision-making.
 - Collaborated with IT and business units to refine data methods, resulting in a 30% increase in efficiency for e-commerce analytics

PROJECTS

- **F.R.I.E.N.D.S Reboot Analytics**
 - * Performed data wrangling and exploratory analysis on 10-season episode dataset to identify key creative contributors. Built statistical models (bootstrapping, confidence intervals) to compare director performance and audience ratings.
 - * Conducted hypothesis testing to assess gender balance in dialogue distribution; visualized emotional sentiment across main characters
 - * Synthesized findings into actionable insights for reboot planning, demonstrating how data science informs creative decision-making
