EDUCATION

University of California, San Diego, *California, USA*

- Bachelor of Science in Data Science
- Expected Graduation: 2029

Bombay International School (IB Diploma Program), *Mumbai, India*

Jul 2025

- **Higher Level:** Mathematics Analysis and Approaches, Physics, Computer Science
- **Standard Level:** Business Management, English A: Language and Literature, Spanish AB Initio

RESEARCH AND ACADEMIC ACTIVITIES

Research Paper - "The Sentiment Analysis of Movie Reviews"

Dec 2024

- Compared LSTM and GRU architectures for IMDb review classification
- Implemented models in Python using Tensorflow Keras with tokenization, padding and embedding layers
- Evaluated accuracy, training time and overfitting; GRU achieved comparable performance with lower computational cost

Music Machine Learning Workshop, *Bombay International School, Mumbai, India*

Jan 2024

- Studied fundamentals of machine learning and neural networks
- Implemented a genetic algorithm to generate musical sequences based on inputted user ratings and musical scales

The Complete 2022 Web Development Bootcamp, *Online*

Jun 2022

- Completed professional course covering HTML, CSS, Javascript, NodeJS, React, Postgre SQL and Web3

LEADERSHIP & COMMUNITY SERVICE

Young Philanthropist Program, *Dasra, Mumbai, India*

Aug 2024

- Collaborated with NGO leaders to design a fundraising pitch for a Spinal Cord Injury (SCI) focused non-profit
- Conducted field research with organizations including SNEHA and Teach For India
- Presented fundraising proposal to panels including Dasra and Stanford PACS representatives

Volunteer, The Raincoat Project, *Mumbai, India*

May 2022

- Led a crowdfunding initiative raising ₹ 100,000 (\$1,126) individually
- Contributed to a team total of ₹5,516,861 (\$62,147.44) supporting underprivileged communities during monsoon season

SKILLS AND INTERESTS

Technical skills: Python programming, Python pandas, HTML, CSS, JavaScript, SQL

Languages: English, Hindi, Marathi, and Spanish (Basic)

Interests: Computer science, Computer Engineering, Data Science

Soft skills: Critical thinking, Adaptability, Negotiation
