

I studied **Computer Science** in Spain, France and Switzerland, graduating as valedictorian. I received grants to conduct research on NLP with **LLMs**, and garnered recognition for leadership and academic excellence through several awards. I completed **4 internships**, founded **3 associations** and have contributed to **open-source** through programs like Google Summer of Code. You'll find more details about my journey below, but for the most up-to-date information, please visit the links on top. ⬆

Experience

Technology Research Specialist , Accenture Labs, <i>Dublin, IE</i>	Aug 2023 – Jun 2025
• Research on AI applied to Knowledge Graph Embeddings to enhance inference in the context of bioinformatics. • Part of the team that develops AmpliGraph, a popular Python library for representation learning on Knowledge Graphs.	
Summer Research Fellow , Singular Research Centre on Intelligent Technologies, <i>Santiago, ES</i>	Sep 2023 – Oct 2023
• Researched attention in LLMs for correlations with syntactic features using annotated CoNLL-U datasets. • Ongoing research on a novel technique to circumvent systems for detection of AI-generated texts. Paper in progress.	
Research Scholar , Singular Research Centre on Intelligent Technologies, <i>Santiago, ES</i>	Dec 2022 – Jul 2023
• Recipient of a merit-based academic fellowship for research on summarization of scientific articles using NLP. • Executed Deep Learning using tools like PyTorch Lightning, TensorFlow, Keras, NumPy, Pandas. Article on arXiv.	
Software Development Intern , Amazon, <i>Madrid, ES</i>	Jun 2022 – Sep 2022
• Worked internationally with diverse agile teams with distributed systems on AWS. Practiced writing solid code, peer-reviewed. • Contributed to the development of Kindle apps for Android, iOS, Windows, and web with 100+ million users worldwide.	
Google Summer of Code , Django Software Foundation,	Jun 2021 – Aug 2021
• Developed a new full-text search backend for Wagtail on MySQL, PostgreSQL and SQLite (GSoC selected 1,292 proposals out of 6,991).	

⇒ This is just a quick summary, I wanted to keep it short. You can read about my previous experiences [here](#).

Publications

“Is My Language Model a Biohazard?”, Aldan Creo , Cristina Correa, NeurIPS 2025 Workshop on Biosecurity Safeguards for Generative AI, openreview:Tgvew8gkrh	2025
“Soft Thinking: Enhancing Knowledge Base Completion through Trainable Prompts in the Chain of Thought”, Aldan Creo , Christophe Gu��ret, Alberto Bernardi, Adrianna Janik, Luca Costabello, Joint proceedings of KBC-LM and LM-KBC @ ISWC 2025, urn:nbn:de:0074-4041-X	2025
“SilverSpeak: Evading AI-Generated Content Detectors using Homoglyphs”, Aldan Creo , Shushanta Pudasaini, Workshop on Detecting AI Generated Content at COLING 2025, aclanthology.org/2025.genaidetect-1.1	2025
“Complete Evasion, Zero Modification: PDF Attacks on AI Text Detection”, Aldan Creo , arXiv, doi:arXiv.2508.01887	2025
“Mass-Scale Analysis of In-the-Wild Conversations Reveals Complexity Bounds on LLM Jailbreaking”, Aldan Creo , Raul Castro Fernandez, Manuel Cebrian, AI-2025: The Forty-fifth SGAI International Conference, doi:arXiv.2507.08014	2025
“Fake It 'Til You Make It Human”, Aldan Creo , Maximiliano Hormaz��bal-Lagos, H��ctor Cerezo-Costas, Pedro Alonso-Doval, 16th Conference and Labs of the Evaluation Forum (CLEF) 2025, urn:nbn:de:0074-4038-X	2025
“Ask a Local: Detecting Hallucinations With Specialized Model Divergence”, Aldan Creo , H��ctor Cerezo-Costas, Pedro Alonso-Doval and Maximiliano Hormaz��bal-Lagos, arXiv preprint, doi: 10.48550/arXiv.2506.03357	2025
“COGUMELO at SemEval-2025 Task 3: A Synthetic Approach to Detecting Hallucinations in Language Models based on Named Entity Recognition”, Aldan Creo , H��ctor Cerezo-Costas, Maximiliano Hormaz��bal Lagos and Pedro Alonso Doval, Proceedings of The 19th International Workshop on Semantic Evaluation, aclanthology.org/2025.semeval-1.281	2025
““An bhfuil G��ilge agat?”: Differences in user interaction and assistant responses across languages of European origin in large-scale conversational datasets”, Aldan Creo , 32nd Irish Conference on Artificial Intelligence and Cognitive Science (AICS 2024), urn:nbn:de:0074-3910-X	2024
“Telescope: Discovering Multilingual LLM Generated Texts with Small Specialized Language Models”, H��ctor Cerezo-Costas, Pedro Alonso-Doval, Maximiliano Hormaz��bal-Lagos, Aldan Creo , Proceedings of the Iberian Languages Evaluation Forum, urn:nbn:de:0074-3756-8	2024
“Denosing and Gene Filtering for Single Cell Sequencing Data Using Graph Mining”, Maziyar Baran Pouyan, Aldan Creo , United States Patent and Trademark Office, 20240386999	2024
“Prompting LLMs with content plans to enhance the summarization of scientific articles”, Aldan Creo , Manuel Lama, Juan C. Vidal, arXiv preprint, doi: 10.48550/arXiv.2312.08282	2023
“Walking the Way of European Integration: Prospects for Galician Youth”, Aldan Creo , Luc��a Traygo, Paulo L��pez Mu��oz, Bruno Antonio Ortiz L��pez, Miguel Garc��a-Miguel Diz, Luis Miguel Bouzo ��lvarez, Saray Rodr��guez P��rez, V��ctor Davila, Julio Quintela Casal, SocArXiv preprint, doi: 10.31235/osf.io/r6mva	2024

Education

MSc in Data Science , <i>University of California San Diego, US</i>	Sep 2025 - Jun 2027
BSc in Computer Science , <i>Universidade de Santiago de Compostela, ES</i>	Sep 2019 - Jul 2023
Valedictorian (GPA: 9.27/10). Exchanges in Sorbonne Universit��, FR (GPA: 9.71) and Universit�� della Svizzera Italiana, CH (GPA: 9.89).	

Other Experience

Informal Experience I have founded and led several organizations, such as a Google Developers Group and the Young European Federalists. I have also been a member of the Erasmus Student Network and Toastmasters International, among others. Read more here .
Awards Winning the biggest hackathon in Europe or being part of the 111 most promising students in Spain are some examples .
Projects For example, AI to explore clinical trial trends, training my AI replica, or embedding a research Knowledge Graph, among others .
Credentials I have completed several courses and certifications, in areas such as AI , business management , and entrepreneurship (list).
Events I have talked at 25+ events , such as NDC, DeveloperWeek Global and Data Science Festival London. Check out my events here .
Media Presence I have been featured in several media outlets , talking about AI, technology, and youth empowerment.
