EDUCATION

UNIVERSITY OF CALIFORNIA, SAN DIEGO

San Diego, CA

BS in Data Science, Concentration in Machine Learning

Expected 2028

- GPA: 3.87/4.0
- Relevant Coursework: Data Structures and Algorithms for Data Science, Programming for Data Science, Statistical Methods, Linear Algebra, Large Language Models and Cognitive Science

EXPERIENCE

ZenZen Diabetes Support

Berlin, Germany

Summer Data Science Intern

June 2025-August 2025

- Built a data pipeline tracking 200+ daily active users, automating reception of user events
- Developed Firebase Cloud Functions for secure, HIPAA-aligned data processing and event logging
- Used BigQuery and GCP to support analytics for user retention and churn trends
- Built a centralized error handling system with custom error messages

JING ACUPUNCTURE SERVICE

Warren, NJ

Front Desk Receptionist

2022-2024

- Managed patient communication across phone and in-person interactions
- Scheduled appointments and handled insurance verification to ensure accurate coverage and billing
- Prepared treatment rooms and maintained clinic cleanliness

SHAKE SHACK

Bridgewater, NJ

Expo and Fry Stations

Jun 2023-Sep 2023

- Coordinated and packaged orders, ensuring they were delivered timely and accurately
- Operated fry stations while upholding food safety and cleanliness standards

PROJECTS

TritonPlanner | tritonplanner.com

La Jolla, CA

Full Stack Developer

Jan 2025-Apr 2025

- Scraped and cleaned 7,000+ UCSD Course listings using Selenium, creating Pinecone vector databases for course research, querying, and hierarchical prerequisite organization
- Implemented a Retrieval-Augmented Generation (RAG) course assistant using OpenAI and Pinecone vector database for semantic and keyword search
- Helped develop an interactive Node.js/React planner with a drag and drop 4-year schedule, course search and assistant, and a graduation requirements side bar

TECHNICAL SKILLS

Languages: Python, Java, R

Libraries: Pandas, NumPy, Pydantic

Tools: Git, Google Cloud Platform, VS Code, IntelliJ, Firebase, React, Jira, Jupyter
