

Jiayi Yu (Tiffany)

UC San Diego • Math–Economics Major | Intended Data Science Minor

Phone: 626-438-7782 | Email: jiayi.tiffyu@gmail.com

UCSD Math–Economics student with experience in video editing, digital media design, and youth-led organizational leadership. Skilled in storytelling-based short-form editing, color grading, and Adobe Creative Cloud tools. Passionate about combining visual creativity with analytical thinking.

EXPERIENCES

TikTok Video Editor & Content Creator

Independent | Feb 2025 – Present

- Produce storytelling-based C-pop fan edits and short vlog-style micro-stories using CapCut, After Effects, Photoshop, and Creative Cloud tools.
- Manage full post-production workflow: color correction, SFX timing, transitions, caption design, and pacing.
- Achieved 2.415M total views in the last 30 days, 4.326M total likes, and 15K followers since launch.
- Maintain consistent posting schedule and trend-based content strategy to optimize engagement.

Virtual Business Expo (VIBE) - Online Website/Community Platform

Founder & President | 2023– Present

- Established a website design and platform idea dedicated to connect youth startups and other youth-led events with a goal to provide higher awareness and potential spread for youth-led organizations.
- Weekly updates and coordination of meetings, task delegations, interview logistics, partnership communication, and organization of meeting summary.
- Managed social media and branding, reached over 4.6k website impressions within a month, 160+ registered users, and 88 posts.
- Established cohesive cohorts of aspiring members with active communication under a pleasant working environment.

Business Leaders Association (BLA)

General Member | Aug 2025 – Present

- Participate in case study practices and business strategy workshops.
- Collaborate with peers to analyze real-world business scenarios.

Girls Can Finance CA Chapter

Founder & President | 2022– 2024

- Established the California chapter and recruited/trained 22+ volunteers.
- Organized workshops and panels with 100+ attendees, featuring guest speakers on financial literacy and career development.
- Designed interactive activities including investment simulations, financial literacy games, and guided discussions.
- Coordinated collaborations with partnering organizations and contributed to international team initiatives.

Yearbook Designer — High School Yearbook Team

Designer | 2024 – 2025

- Designed multiple yearbook spreads using Adobe InDesign, collaborating with writers and photographers to complete assigned pages.
- Developed original layout concepts, typography choices, and visual themes tailored to each section.
- Ensured consistency in formatting, color palettes, and storytelling across the publication.

Youth Entrepreneurship and Finance Association (YEFA)

Founder & President | 2022-2023

- Created visual assets, posters, and short promotional videos for marketing campaigns.
- Supported content planning and brand-aligned messaging across social platforms.

IS World Life Non-profit Organization

Content Creator | 2022– 2023

- Produced Instagram content including headlines, captions, and informational posts.
- Edited short videos and vlogs introducing U.S. education systems and student life for international audiences.

Mathematics Tutor — Learn To Be (LTB)

Worker/Tutor | 2022– 2025

- Completed 87+ volunteer hours tutoring low-income and underserved students in mathematics.
- Provided long-term support to 5+ students, including summer camp tutoring (20+ hours).
- Adapted teaching strategies for students with learning challenges or limited academic support.

AP Computer Science Principles Tutor

Independent | 2024

- Tutored students in MCQ/FRQ concepts, code comprehension, and exam strategies.
- Provided bilingual explanations (Mandarin/English) at a rate of ¥200/hr.
