

Kyle Dang

9450 Gilman Dr. • La Jolla, CA 92092 • kyledang.2006@gmail.com • (310)-944-8388

Education

University of California, San Diego

San Diego, CA

B.S. Data Science

Expected June 2028

Relevant Coursework: Data Structures & Algorithms, Data Visualization, Probability & Statistical Analysis, Multivariable Calculus, Linear Algebra

Projects

Scavenger Hunt App
(Personal Project)

Remote

May 2025 – Present

- Developing a React Native scavenger hunt app to guide new tourists through local landmarks, fostering engagement and competition before events such as weddings, through gamified challenges
- Implementing user authentication, live interactive leaderboards, and time-based challenges, to gain hands-on experience in frontend and backend development

Workshop Lead

La Jolla, CA

(Academic Project)

Dec. 2024 – Mar. 2025

- Facilitated a team of 3 students in analyzing SDPD stop data against socioeconomic data within San Diego
- Simulated UCSD Sungod festival attendance using historical trends to model and predict future attendance through NumPy and Matplotlib
- Implemented Python packages to modify audio, text, and image data through a series of projects using Jupyter Notebook
- Presented the usefulness of data visualization and data extraction methods to peers through Canva slides

Leadership & Activities

Truc Lam Buddhist Monastery

Edmonton, AB, Canada

Youth Group Leader

June 2021 – June 2024

- Mentored 30 youth participants in weekly programs, fostering community engagement, personal growth, and cultural appreciation
- Organized cultural and service events, coordinating schedules and activities with monastery leaders
- Translated and communicated instructions between Vietnamese and English for youth participants

Data Science Student Society, UCSD

La Jolla, CA

Member

Sep. 2024 – Present

- Participated in workshops on machine learning and data visualization, strengthening applied technical skills
- Collaborated with peers on coding challenges to strengthen problem-solving and inferential capabilities

Skills

Languages: Python, Java, JavaScript, HTML, CSS

Tools & Frameworks: React Native, Pandas, NumPy, Matplotlib, Git, Jupyter Notebook, MATLAB, Excel
