EDUCATION:

University of California, San Diego
Bachelor of Science in Data Science

Expected Graduation: Spring 2028
GPA: 4.0/4.0 | Provost Honors

Aditya English Medium Senior Secondary School

CGPA: 8.7/10

WORK EXPERIENCE:

Data Science Student Society @ UCSD - Project Member September 2025 – December 2025

- ML engineer on a project that combined 16k+ California charging stations with county-specific electricity rates and charging sessions to provide real-time cost estimates for EV owners.
- Analyzed EV charging datasets and performed data wrangling and feature engineering to integrate electricity rate datasets with charging session data.
- Built Lasso regression-based cost estimation models trained and visualized charging cost trends to generate actionable insights.

AutomationEdge INC - Data Science Intern March 2024 – May 2024

- Built a cash flow prediction model using Machine Learning, achieved a r-squared score of 98.9%
- Collaborated with senior data scientists to design machine learning experiments and evaluate more than 7 different algorithms.

ValueDx Technologies - Machine Learning Intern April 2023 – May 2023

- Preprocessed and cleaned datasets with ~10k entries to remove noise, add missing values and ensure data quality for model training
- Applied feature engineering and exploratory data analysis to uncover patterns and improve model performance.

TEACHING EXPERIENCE:

VishvaVidya - Teaching Volunteer May 2023 – May 2025

- Taught foundational programming, data structures & algorithms and math concepts (calculus, statistics, linear algebra) to 35+ graduate students
- Led structured training sessions over 3 months, adapting explanations to different learning levels
- Assisted as a lab assistant by conducting exams and creating 15+ problem sets

AWARDS & HONORS:

AP Scholar (Issued by College Board for 5/5 in AP Calculus BC, Compute Science A, Statistics) July 2024

Qualified for Indian National Olympiad in Informatics (INOI) by clearing Zonal Computing Olympiad (ZCO) as well as the Zonal Informatics Olympiad (ZIO) 2023 & 2024
