EDUCATION

University of California, San Diego

B.S. in Probability and Statistics

La Jolla, CA

Sept 2025 – June 2029

- Relevant Coursework: DSC 10, Math 20B; GPA: 3.9/4.0

South Pasadena High School

South Pasadena, CA

Aug 2021 – June 2025

- AP Coursework (5): APCSA, AP Calc AB, AP Lit, AP Lang, APUSH; GPA: 3.9/4.0

EXPERIENCE

UCSD Data Science Student Society (DS3)

Oct 2025 – Present

Software Engineer

La Jolla, CA

- Maintain and improve the DS3 club website using **React**, **HTML**, **CSS**, and **Tailwind**.
- Collaborate with other UCSD clubs to design, build, and fix websites and conference pages.
- Lead and participate in meetings with client clubs to ensure alignment on design, functionality, and overall site vision.

Mentorship with VP John Vulchev of High Temp Metals

Jun 2025 – Sept 2025

Intern

Glendale, CA

- Learned foundational computer systems and hardware components, including assembly and diagnostics.
- Provided comprehensive support by managing daily tasks and assisting with logistics.

Arroyo Vista Elementary School

Aug 2024 – Jun 2025

Teaching Assistant

South Pasadena, CA

- Mentored **25+ students**, supporting academic growth and serving as a positive role model.
- Led **bi-monthly lessons** designed to engage students and foster enthusiasm for learning.
- Provided one-on-one support to struggling students, improving comprehension and academic performance.

SPHS Veritas Tutoring

Sept 2023 – Jun 2025

Head Tutor

South Pasadena, CA

- Tutored **8+ peers** daily, specializing in **computer science**, **math**, writing, and history.
- Developed innovative teaching methods to help students understand key concepts.

SPHS Cultural Foods Club

Aug 2022 – Jun 2025

Thai/Vietnamese Ambassador

South Pasadena, CA

- Delivered presentations on cultural heritage and diversity to club members, promoting inclusivity and global awareness through food and traditions.
- Assisted in organizing cultural food events, sourcing ingredients, and providing members with an opportunity to taste and explore international cuisines.

PROJECTS

PantryPal | *Python, PyTorch, Streamlit*

- Built an end-to-end recipe recommendation system on **Streamlit**, allowing users to input ingredients via text or photos.
- Integrated a pretrained **EfficientNet-B0 model** in **PyTorch**, trained on **~7,000 images** to classify **316 unique ingredients**.
- Developed a **Python** backend for ingredient preprocessing, normalization, and ranking recipes by nutritional value and ingredient match.
- Awarded **1st Place (Best Presentation)** at DS3's Dinocage, selected by a panel of industry professionals and faculty.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML/CSS

Frameworks & Libraries: React, Tailwind CSS, PyTorch, TensorFlow, Pandas, NumPy, Streamlit
