WORK EXPERIENCE

[Large commercial bank]

Engineer I

[City]

Sep 2025 - Present

- Took part in a talent acceleration program doing rotations in two different departments.
- *Rotation 1*: Developed a Java Spring Boot REST API to data lake assets. Contributed to the migration of multiple key applications to a new containerised hosting solution.
- *Rotation 2*: Performed full-stack development working on the user authorization module of a wholesale banking dashboard, used as the primary interface for 200+ large corporate customers (€2B+ annual revenue).

[Small startup]

Software developer

[City]

Apr 2023 – Aug 2025

- Active part-time on development of multiple software products including:
 - Customizable digital navigation tool used by multiple large holiday parks throughout Europe, as well as the annual trade fair for the leisure industry.
 - Automatic WhatsApp tool for a large booking provider in the leisure sector.

EXTRACURRICULAR ACTIVITIES

[Volunteering organisation]

Student-docent

[City]

Dec 2018 – Jul 2024

- Gave lecture series about history and mythology to seniors.
