EDUCATION

University of California, San Diego

Sep. 2024 - Jun. 2028

Bachelors of Science, Data Science

Coursework: Data Structures/Algorithms, Theoretical Fundamentals of Data Science, Linear Algebra

Activities: Alpha Kappa Psi Professional Business Fraternity

PROFESSIONAL EXPERIENCE

Data Analyst Intern @ Colibri Digital Marketing

Jun. 2023 - Aug. 2023

- Collaborated closely with the Data Analyst Specialist, providing hands-on assistance with analytics tasks that helped build industry relevant skills like data cleaning, visualization and more.
 - Published an article on the benefits of Google Analytics within corporations, highlighting how digital transformation can optimize operations and expedite marketing strategies in any field.
 - Maintained analytical reports using heatmaps and spreadsheet functions, enhancing reporting accuracy by 20% and providing insights to mission aligned nonprofits and businesses with 60% of them being locally in the bay area and the other 40% around the world in different locations.
 - Utilized analytics tools such as Google Analytics, Google spreadsheets, heat mapping software, and more which were able to track website traffic and visualize partners in the data gathered.
-

PROJECTS

House Price Prediction using Gradient Descent Algorithm

Dec. 2025

- Built gradient descent algorithm from scratch in Python to train a linear regression model
 - Derived the MSE loss function and gradients to iteratively update model parameters
 - Evaluated model performance using mean squared error and root mean squared error, and analyzed the impact of learning rate and the number of iterations on convergence behavior.
-

LEADERSHIP EXPERIENCE

Corporate Outreach Lead @ UCSD Data Science Student Society

Sep. 2024 - Present

- Built and maintained relationships with 5 industry partners with networking and mentorship
 - Facilitate students to gain insights into the latest trends, innovations and career pathways data. science career field therefore carving the way for a better understanding of industry expectations.
 - Collaborated with 10+ student organizations, 3+ academic departments, and 40+ professionals in the related industries to expand the society's influence in the university community.
 - Organized and executed outreach initiatives and events that strengthened industry-academic connections and increased student engagement with direct exposure to professionals.
-

TECHNICAL SKILLS

- Python, Java, R, SQL, Numpy, Pandas, DSPy, python-dotenv, OpenAI API, RAG, Google Cloud, Data Management, Data visualization, LLM Orchestration & Prompt Engineering
-

CERTIFICATIONS

- **Cloud Digital Leader Certification**, Google
- **Prepare Data Exploration**, Google
- **Ask Questions to Make Data-Driven Decisions**, Google
- **Foundations: Data, Data, Everywhere**, Google
