

JADEN LEE

jadenlee4299@gmail.com | +1 (949)-490-919 | github.com/SeojunJaden

EDUCATION

UNIVERSITY OF CALIFORNIA, SAN DIEGO San Diego, CA

Expected Graduation June 2029

B.S. Cognitive Science | Concentration in Machine Learning and Neural Computation

Minor: Computer Science

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, C#, HTML

Environments: Visual Studio, Figma, Supabase, Jupyter Notebook

Hard Skills: Human-Computer Interactions, UI/UX Design, Data Analysis, API Integration

PROFESSIONAL EXPERIENCE

OCAPICA

Anaheim, California

Canvasser

January 2021 - October 2023

- Engaged with over 3,000 community members to discuss voter education and key local issues.
- Contributed to an 8% increase in Anaheim voter participation through canvassing.
- Built communication strategies based on voter feedback to improve overall engagement in conversations.

Source Studio Dev.

Cypress, California

Lead level designer & lead game developer

June 2024 - August 2025

- Lead development on core game levels, writing over 40% of the codebase.
- Organized and led Zoom meetings to designate plans for the week, as well as overall progress and pacing.
- Responsible for designing innovative and user-friendly functions and levels.

PACE Academy

Cypress, California

Math Tutor

July 2023 – Dec 2023

- Tutored third-grade students in math, going over concepts like basic algebra and geometry.
- Created custom math worksheets as well as graded assignments, writing down notes on areas where they could improve.

PROJECTS

SayStroop

[SayStroop Test](#)

- Developed a website based on the Stroop test through the use of OpenAI Whisper for real-time speech transcription and Supabase for data storage
- Gathered and analyzed the data to evaluate cognitive interference between the reaction speed of color naming and word reading

Machine Learning Tetris

- Built a custom reinforcement learning environment through OpenAI Gym Retro
- Trained AI agents to play Tetris and other classic emulated games
- Ran over 1,000,000 simulations for a better understanding of how AI agents learn

Custom Social Media for UCI

- Designed a prototype social media platform for UC Irvine through the use of Figma
- Presented the concept to UCI's Principal of Computer Science for feedback and evaluation.

AWARDS & CERTIFICATION

Unity Junior Programmer Badge, CTE Department award for AP Computer Science A, ICS Summer Academy Certificate, Hugging Face Agent Course Certificate,
