EDUCATION

Henry M. Gunn High School

High School Diploma

Palo Alto, CA

Aug. 2020 – Jun. 2024

University of California, San Diego

Bachelor of Science in Data Science | Minor in Music and Cognitive Science | GPA: 4.00

La Jolla, CA

Sep. 2024 – Jun. 2028

- **Relevant Coursework:** Programming and Data Science, Data Structures and Algorithms, Research Methods and Statistics, Linear Algebra, Multivariable Calculus, Cognitive Science, Transformers, LLMs

EXPERIENCE

Tutor / Instructional Assistant, Halcioğlu Data Science Institute

University of California, San Diego

Sep. 2025 – Present

La Jolla, CA

- Support and mentor over **400 students** in mastering Python, Pandas, and data visualization through office hours and discussion sessions
- Lead a discussion pod of **25 students**, fostering collaboration, technical growth, and community within the course
- Develop and refine assignments and assessments using **Jupyter Notebooks** and **Overleaf** as well as provide detailed feedback to enhance student understanding

Developer Intern

San Diego Supercomputer Center

Jun. 2024 – Aug. 2024

La Jolla, CA

- Developed a full-stack **study group finder app** as part of a 6-person team; served as primary **database manager** and backend developer
- Designed and implemented a relational **PostgreSQL** schema; containerized services with **Docker** for cloud deployment on **OpenStack**
- Built and documented a **Node.js / Express.js** REST API with 17+ endpoints for authentication, profile management, and event creation
- Collaborated using **GitLab** version control and coordinated feature development through agile sprints

Data & Product Intern

Liquido (FinTech startup; “Stripe of LATAM”)

Jun. 2023 – Jul. 2023

Mountain View, CA

- Developed a data analytics dashboard using **AWS QuickSight** to improve internal reporting and decision-making efficiency
- Designed and built marketing **landing pages** to enhance brand visibility and product awareness across LATAM markets
- Produced **video demos** for the company’s WhatsApp shopping catalog and authored internal wiki documentation to standardize the creation process

LEADERSHIP & ACTIVITIES

Data Science Student Society @ UCSD — Online Content

Technical Writer

Oct. 2024 – Present

La Jolla, CA

- Authored three accessible articles on **Transformers**, **AI art diffusion models**, and **AI video** (see [writing portfolio](#))
- Presented an overview of **Transformer models** to members of the Online Content team, explaining their role in modern LLMs such as ChatGPT

The Oracle (Henry M. Gunn High School)

Forum Section Editor

Jan. 2023 – May 2024

Palo Alto, CA

- Designed section layouts; wrote and edited opinion, perspective, and creative pieces
- Earned multiple **Best Story** recognitions and a **Best of SNO** award; photographed and captioned social posts

TECHNICAL SKILLS

Languages: Python, C++, Java, JavaScript, SQL

Frameworks/Tools: Node.js, Express.js, React, Docker, PostgreSQL, Git, AWS QuickSight, VS Code

Data Science: EDA, Data Wrangling, Regression, Pandas, NumPy, Matplotlib
