EXPERIENCE

Treobytes, Banning, CA — STEM Facilitator

JUNE 2024 - JULY 2024

Participated in an educational camp organized by Treobytes as a STEM Facilitator and worked specifically on the Arduino & Engineering course. My job consisted of preparing, organizing, and facilitating the contents of this course.

Mt. San Jacinto College, San Jacinto, CA — Peer Tutor

AUGUST 2023 - MAY 2024

Aided with the clarification and understanding of course content of various classes in different disciplines at Mt. San Jacinto College in order to help students better understand key concepts and reinforce material.

NASA, Remote — NCAS Mission 1 and 2 Scholar

JULY 2023 - NOVEMBER 2023

Participated in both Missions for the NASA Community College Aerospace Scholars (NCAS). My Mission 1 experience consisted of conducting research on the Space Technology Mission Directorate NASA with respect to optimizing the use of varying technology to work towards a goal. Mission 2 consisted of a one-week virtual job simulation to create a plan to fly to the moon and develop a design solution that integrates multiple systems.

EDUCATION

University of California, San Diego — Computer Science (BS)

SEPTEMBER 2024 - PRESENT

Mt. San Jacinto College — Computer Science (AS-T), Mathematics (AS-T), Physics (AS-T), and Liberal Arts (AA)

AUGUST 2022 - MAY 2024

SKILLS

Teamwork
Critical Thinking
Problem-Solving
Flexibility
Java
C++
Data Structures & Algorithms
Arduino

AWARDS

President's Honor List at MSJC (4) - Awarded by maintaining a 3.5 or above GPA in 4 consecutive semesters (Fall 2022, Spring 2023, Fall 2023, Spring 2024).

1st Place in Social Sciences/Humanities Research Poster Category - Awarded for Research Project presented at the Honors Transfer Council of California Research Conference held at UCR.

CRLA Level 2 Certification for Peer Educators (50 hours of Tutoring)

Golden State Merit

State Seal of Biliteracy

LANGUAGES

Native & Bilingual Proficiency:
English, Spanish
