

Rayirth Dinesh

Aspiring Data Scientist/Computer Scientist

San Diego, CA

669-226-29248 | <https://linktr.ee/RayirthDinesh>

ACADEMIC FOCUS

Pursuing specialist in Data Science, Computer Science, & Statistics, experienced in various programming languages & frameworks such as Python, Java, JavaScript, React, React Native, TensorFlow, & WPILib, proven success & experience in numerous competitions, app development, & AI research project.

LEADERSHIP ROLES

Programming Lead—Robotics, Santa Teresa High School **Member since 2021 | 2023 – 2025**

Coordinated a 17-member programming team within a 55-student robotics group, developing sophisticated motor control and autonomous systems for FRC Team 2643 using Java WPILib and Python OpenCV

President—Math Club, Santa Teresa High School **2022 – 2025**

Mobilized a club of 20 students to participate in math competitions, events, and workshops, promoting math as an accessible subject for students with various backgrounds.

President—Computer Science Honor Society, Santa Teresa High School **2022 – 2025**

Directed a 25-student honor society in hackathons, app development showcases, and programming workshops, promoting opportunities in competitive programming.

Vice President—CyberPatriot, Santa Teresa High School **Member since 2021 | 2023 – 2025**

Co-led a competitive 55-student organization, participating in cybersecurity competitions like CyberPatriot, PicoCTF, eCitadel, and BACC Cyber, focusing on defensive and offensive hacking.

RESEARCH & TECHNICAL PROJECTS

Author/Researcher - Preprinted Research Paper & Pushed to GitHub **Summer 2024**

Authored research paper on predicting Autism Spectrum Disorder (ASD) using machine learning, core analysis on SVM, RandomForest, Logistic Regression, XGBoost, kNeighbors, Ridge Classifier, Decision Trees, and Neural Networks. Shared code on GitHub, contributing to potential ASD diagnosis and predictor improvements

App Developer – Published App in the Google Play Store: ASLify **Summer 2024**

Developed and published "ASLify," an app that converts speech or text into American Sign Language, improving communication accessibility. Built with React Native and integrated Whisper AI for multilingual transcription and noise cancellation. The code is publicly available on GitHub.

INTERNSHIPS & WORK EXPERIENCE

Programming Intern—Roku, Inc. **Summer 2023**

Completed a hands-on programming internship focused on app development and product marketing for Roku devices.

- Engineered and launched three interactive games (Flappy Bird, Tic-Tac-Toe, Elevens) using BrightScript, enhancing Roku's gaming offerings and user engagement.

- Leveraged Roku's proprietary APIs and development methodologies under industry mentorship; launched apps on the Roku marketplace, gaining insights into product release and marketing strategies.

HONORS & AWARDS

Junior/Senior Year 2023-2025	Sophomore Year 2022 - 2023	Freshman Year 2021 - 2022
● Top 20 Nationally of 3000 Teams <i>Cyberpatriot; Platinum Division</i> ● 2X 2nd Place Nationally of 250+ <i>CyberQuest CTF</i> ● Dean's List Nominee Robotics FRC ● 2nd Place BACC CTF ● 2nd Place Coding Solutions MESA ● 7th Alliance Captain Robotics MB Regionals ● 6th Place Citadel Competition ● 14th Place Robotics Cal Games ● 6th Place in School AMC ● 1st Place Science Palooza CS/Engineering category ● 3rd place in MESA's Coding Solutions (Experienced Division) ● 4th-place as team <i>Robotics Silicon Valley Regionals</i>	● 1st Place MESA <i>Sectional Think Tank</i> ● 3rd Place MESA <i>Regional Think Tank</i> ● Honorable Mentions in <i>Mathematics Science Palooza</i> ● Honorable Mentions in CS <i>Science Palooza</i> ● Semifinalist MTFC ● 5th Place in School AMC	● 1st Place Science Palooza <i>CS Experimental Section</i> ● 2nd Place MESA Machine <i>Sectional & Regional</i> ● 3rd Place MESA College Board ● 4th Place Nationally out of 250+ <i>CyberQuest</i> ● 22nd Place as Team <i>Robotics Silicon Valley Regionals</i> ● 3rd Place in School AMC

EDUCATION

University of California – San Diego, CA

Expected Graduation: **June 2029**

Major: Data Science **Grade:** Freshman **Quarter:** Fall

Santa Teresa High School – San Jose, CA

Graduation: **May 2025**

Unweighted GPA: 3.9/4.0 **Self-Calculated Weighted GPA:** 4.3/5.0

SAT: 1470 *Math 760, Reading and Writing 710*
